

HKIE (BS Div) / ASHRAE HKC / CIBSE HKB JOINT FUNCTION
Technical Visit

Marley Cooling Tower Manufacturing Plant in Guangzhou

Date : 24 April 2004 (Saturday)
Venue : Marley Cooling Tower Plant in Guangzhou
Time : 7:30am to 5:00pm

Programme Highlight :

With Electrical and Mechanical Services Department's implementation of a pilot scheme on the use of fresh water in evaporative cooling towers for energy efficient air-conditioning systems, the use of the equipment has become more common and popular in the territory. A cooling tower, in principle, cools water by exposing it as an extended surface to the atmosphere through a combination of mass and heat transfer. 'Marley', founded in 1922 and now the largest cooling tower manufacturer in the world, has agreed to arrange a technical visit to their plant to introduce to participants the manufacturing and testing processes. The visit will last the whole day and free coach to Guangzhou will be provided.

Registration & Enquiry :

Participation fee for the event is HK\$50.00. Total participation is limited to 40 and applications will be accepted on a first-come-first served basis. The deadline of application is **5 April 2004**. Successful applicants will be informed by telephone or fax and their name will be posted at web page of each institution: www.hkiebs.org, www.cibse.org.hk and www.ashrae.org.hk after **13 April 2004**.

For enquiry, please contact Mr. Victor Yiu (for ASHRAE members) at 3105 8728, Ir Thomas Soon (for CIBSE members) at 2235 1869 and Ir Jackie Yeung (for HKIE members) 2859-0111.

----- Tear off here -----
